VACUUM CLEANER

USER’S MANUAL
MODEL: CG-VC18D01I
1800Watt

PLEASE READ THIS MANUAL CAREFULLY BEFORE USING AND KEEP IT PROPERLY FOR FUTURE USE
Safety directions:

1. For your continued safety and to reduce the risk of injury or electric shock, please follow all the safety precautions listed below.

   Read all the instructions carefully before using the appliance and keep them for future reference.

2. Make sure the dust bag is properly installed before use.

3. Check that the voltage marked on the rating label matches your mains voltage.

4. Never vacuum up water or any other liquids.

5. Never vacuum up flammable substances and do not vacuum up ashes until they are cold.

6. Do not let children use the machine in case of danger.

7. Do not continue to operate the appliance if you are in any doubt about it working normally (e.g. abnormal noise, smell, smoke), or if it is damaged in any way - switch off, withdraw the mains plug and consult your
dealer.

8. If the mains cable is damaged it must be replaced by the manufacturer, its service agent, or similarly qualified persons in order to avoid a hazard.

9. This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

10. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.

11. If a blockage is found in the brushes, hoses or tubes, it should be removed before use.

12. Store and use the appliance well away from heat sources such as radiators or gas/electric fires.
13. Do not point the hose, tube or any other accessory at the eyes, ears or mouth during operation.

14. Unplug the appliance from the mains socket when it is not in use and before replacing filter.

15. Allow the appliance to cool completely before cleaning or storing.

16. Do not use the appliance for other uses than its intended use.

17. The use of accessories not recommended by the appliance manufacturer may cause injuries.

18. Do not use the appliance outdoors.
Product Overview

1. Rear wheel
2. Power cable
3. ON/OFF button
4. Exhaust filter grill
5. Speed Control
6. Cable rewind button
7. Dustbag-full indicator
8. Dust cover
9. Lock clip

Attached list
1 x Hose, 1 x metal Tube, 1 x main brush, 1 x crevice tool, 1 x small brush

Operations
1. To connect the hose, insert the hose connector into the hose connection opening until you hear a ‘click’ sound (see Fig 1).
   To remove the hose, press both sides of the hose end and then pull the hose (see Fig. 2)
2. To connect the tubes to the handgrip of the hose, insert the narrow section into the wider section while turning a little (see Fig 3). Connect the two tubes together, insert the narrow section into the wider section while turning a little.
3. Connect a brush suitable for the floor type to be cleaned. The hard floor brush can be used with brush strips lowered or raised (see Fig 4 and 5). You may also connect the integrated brush and nozzle to vacuum sofa, wall surface, curtain,
corners, slots or grooves (see Fig 6).

4. Hold the mains plug and pull the retractable mains cable out of the vacuum cleaner. Connect it to the mains socket. The YELLOW mark indicates the ideal length to extend the cable. Do not extend the mains cable beyond the RED mark which indicates the maximum length.

5. Press the ON/OFF button on the top of the vacuum cleaner to turn it on (see Fig. 8) Turn the speed control to select your desired suction power.

HINT: To move the vacuum cleaner from room to room, you can unplug and carry it by either the handle or the handgrip. Never use the mains cable to pull the vacuum cleaner.

**Powering off and storage**

1. When finished vacuuming, press the ON/OFF button on the top of the vacuum cleaner to turn it off and then remove the mains plug from the mains socket (see Fig.7).

2. Press the cable rewind button to rewind the retractable mains cable(see Fig. 8). Put the vacuum cleaner in an upright position and attach the lower tube to the clip on the vacuum cleaner for storage.
**Replacing the Dustbag**
Replace the dustbag when the dustbag-full indicator turns red (see Fig. 1). Always unplug the vacuum cleaner from the mains socket before replacing the dustbag.

1. Open the dustbag compartment cover (see Fig. 2).
2. Take out the dustbag holder and gently remove the full dustbag from the holder with the dustbag’s opening facing upwards.
3. Slide the cardboard front of the new dustbag into the two grooves of the dustbag holder (see Fig 3.).
4. Relocate the dustbag holder back into the lower housing and close the dustbag compartment cover until you hear a ‘click’ sound.

**NOTE:** The dustbag compartment cover cannot be closed unless the dustbag is installed properly.

**Cleaning the motor protection filter**
The motor protection filter should be cleaned twice a year, or when it appears to be visibly clogged. Always unplug the vacuum cleaner from mains socket before replacing the filter.

1. Open the dustbag compartment cover (see Fig. 2).
2. Take out the dustbag holder and remove the motor protection filter (see Fig. 4 & Fig 5).
3. Shake out the dust accumulated on the filter into a dustbin.
4. Relocate the filter and dustbag holder back into the lower housing.
5. Close the dustbag compartment cover till you hear a ‘click’ sound.

**Cleaning the exhaust filter**
Always unplug the vacuum cleaner from mains socket before replacing the filter.

1. Unclip the grill and take out the exhaust filter (see Fig. 6 and 7).
2. Shake out the dust accumulated on the filter into a dustbin.
3. Relocate the filter and the grill.
This symbol on the product or in the instructions means that your electrical and electronic equipment should be disposed at the end of its life separately from your household waste. There are separate collection systems for recycling in the EU. For more information, please contact the local authority or your retailer where you purchased the product.
